

SUMMARY

- Java Developer with experience in building scalable applications using Java, MySQL, and Git.
- Front-End Developer at ZPLYS.AI, collaborating with teams to enhance workflows.
- Passionate about problem-solving and writing clean, maintainable code.
- Always eager to learn, grow, and improve in tech.

TECHNICAL SKILLS

Core Java	ReactJs	HTML	MongoDB
OOPs Concepts	TypeScript	CSS	VS Code
SQL	Tailwind	MySQL	GitHub

PROFESSIONAL EXPERIENCE

FrontEnd Developer

Oct 2024 - Present

- Developed a responsive and interactive UI using React.js, Tailwind, and TypeScript.
- Designed and optimized the application for a seamless user experience, implementing responsive layouts and clean component structures.
- Ensured cross-browser compatibility and conducted performance optimization.

Java Developer Trainee

May 2023 - July 2023

- Trained in Core Java, OOPs, and MySQL, efficiently completed tasks and backend exercises.
- Gained hands-on experience with Git for version control, managing branches and commits in collaborative environments.
- Actively participated in team discussions and code reviews to refine coding standards, best practices, and problem-solving approaches.

EDUCATION

Master's in Computer Application

Aug 2022 - June 2024

Poornima University

6.7 CGPA

Bachelor's in Science

Aug 2018 - June 2022

SS Jain Subodh PG Autonomous College

60%

PROJECTS

Banking Application

- Designed and implemented a full-featured banking application to manage user accounts and transactions.
- Using MySQL for seamless database interaction.
- Collaborated with team members using Git for version control, promoting code quality and project efficiency.

Weather Application

- Interactive React application that dynamically switches between multiple themes on button click.
- Leveraged Tailwind CSS to define and manage vibrant, responsive themes with smooth animations.
- Implemented dynamic state-based logic in React to apply theme classes to the DOM.
- Focused on clean UI transitions and an engaging user experience with animated toggle effects.
