## Objective

Java Developer with practical experience in Object-Oriented Programming, Data Structures, and MySQL database management. Demonstrated ability to build full-featured applications like banking systems using JDBC. Brings a holistic perspective to backend development through professional tenure as a Frontend Developer at ZPLYS.AI, ensuring deep understanding of client-side requirements and API consumption. Committed to continuous learning and algorithms.

## Technical Skills

**Languages:** JavaScript, Typescript, Java, HTML, CSS, SQL

**Frontend Technologies:** React.js, Tailwind CSS, Bootstrap, Material-UI, Responsive Design

**Backend & Database:** MySQL, MongoDB

**Tools & Platforms:** Git, GitHub, VS Code, IntelliJ IDEA,

**Concepts:** Data Structures, Algorithms, OOPS, Cross-Browser Compatibility, Performance Optimization

## Experience

### Frontend Developer Intern

Aug 2025 – Present

Ubuy India

Jaipur, Rajasthan

- Contributing to frontend development initiatives for a leading e-commerce platform serving multiple international markets
- Implementing responsive UI components and optimizing web application performance for enhanced user experience
- Collaborating with cross-functional teams to deliver high-quality features aligned with business objectives

### Frontend Developer

Oct 2024 – Jul 2025

ZPLYS.AI

Jaipur, Rajasthan

- Developed a responsive and interactive UI using React.js, Tailwind, and TypeScript
- Architected scalable component structures and implemented state management solutions, reducing re-renders and enhancing application performance
- Ensured cross-browser compatibility across Chrome, Firefox, Safari, and Edge
- Conducted comprehensive performance optimization including code splitting, lazy loading, and asset optimization, reducing initial load time
- Collaborated with UX designers and backend engineers to implement pixel-perfect designs and seamless API integrations

## Projects

### Weather Application | React.js, Typescript, Tailwind CSS

- Interactive React application that dynamically switches between multiple themes on button click
- Leveraged Tailwind CSS to define and manage vibrant, responsive themes with smooth animations
- Implemented dynamic state-based logic in React to apply theme classes to the DOM
- Focused on clean UI transitions and an engaging user experience with animated toggle effects

### Banking Application | Java, JDBC, MySQL

- Designed and implemented a full-featured banking application to manage user accounts and transactions
- Used Java to develop the application's core logic
- Leveraged MySQL with JDBC for efficient and reliable database interaction
- Collaborated effectively with team members using Git for version control, ensuring a streamlined development process

## Education

### Poornima University

Aug 2022 – May 2024

Master of Computer Applications (MCA) (6.7 CGPA)

Jaipur, Rajasthan

### S.S. Jain Subodh PG (Autonomous) College

Aug 2018 – Jun 2022

Bachelor of Science (B.Sc) (60 %)

Jaipur, Rajasthan

## Certifications

### Object-Oriented Programming with Java | LinkedIn Learning

2023

### Java Essential Training: Objects and APIs | LinkedIn Learning

2023

### Core Java | FUEL, Intern-shala

2023
